28' x 40'	135	23	27	34	45	11 pcs
28' x 50'	156	26	31	39	52	13 pcs
28' x 55'	166	28	33	42	55	14 pcs
28' x 60'	176	29	35	44	59	15 pcs
28' x 65'	186	31	37	47	62	16 pcs
28' x 70'	196	33	39	49	65	16 pcs

Use the chart on the next page to estimate how many vinyl skirting panels are required for the home.

Please note:

- 1) You may need extra skirting panels if the home you are working on has a porch.
- 2) The number of inches indicates the average height of the skirting panel, top trim and bottom rail combined.
- 3) You may need to measure levels at various places on your home if the home is not level.
